CERTIFICATIONS

Tree Plantation Drive (NSS, Uka Tarsadiya University)
Participated in an environmental sustainability tree plantation drive.

C Tsunami (C Language Competition)
Participated in coding competitions.

Full Stack Development(RNW)
Completed Full-Stack Development training with practical experience in modern web development.

PROJECT

CartSutra

E-commerce Web Application

Built a full-stack multi-vendor marketplace backend and admin dashboard (customer and vendor panels in progress), supporting role-based access across catalog, checkout, Razorpay payments, shipping, and vendor payouts. Designed 30+ REST resources with JWT + CSRF-secured auth; built a 20+ module React admin panel with global search, approval workflows, and analytics dashboards.

Backend: GitHub | Live API
Admin: GitHub | Live Demo
